# LONG TERM PROJECT

---

---

**Your name:**

**Your topic:**

**Please answer all these questions and hand it in at the meeting in June. If you need additional space, please use another sheet of paper.**

**Your goal(s) for this work:**

**What do you hope will be the result of this work?**

**Who will benefit from your work?**

**What will be different after you've done this?**

**What will you do first? By what date?**

**What will you do next? By what date?**

List all the things you will do to get to your goal and include dates you plan to do each.

**By mid August you need to begin to plan for your presentation.**

The Final Project is due no later than September 14.

How will you show what you have done?

What do you need to collect or create to do this?

What will you do first? Next?

Will you need any help to set up your presentation? If yes, what help will you need and when?

If you are not finished, your presentation will show what has been accomplished so far and what will happen next.

Provide the date you think it will be finished.
